3:00 p. m. Judge Fred M. Bale.
7:45 p. m. Prelude—The Old Home Singers.
8:30 p. m. Lecture—Senator George E. Chamberlain.

The scramble for guarantors' season tickets to the Rush county chautauqua, which opens at the city park coliseum tomorrow and continues until Sunday, August 17, was not abated today but grew worse. As the hour for the opening approaches, prospects for the banner attendance in the history of the chautauqua grow brighter, because of the demand for season tickets.

There were two hundred guarantors' tickets issued, and so far as could be learned, not a one could be bought today. Some persons who were unable to get guarantors' tickets were under the impression that they would have to pay single admissions for all of the sessions they attended, but this is far from the truth. Regular season tickets, which have always been \$2.00, will be on sale at the box office tomorrow.

It was announced today that permission had been granted by the city authorities to the chautauqua officials to close Jackson street, east of the coliseum, during the programs, to prevent interruptions while the chautauqua is in session. The street will be closed above Ninth street just before the programs begin and will be opened as soon as the programs end.

The noise of machines in the block north of Ninth street and east of the coliseum, has been the source of constant annoyance during the programs at post chautauqua officials which moved chautauqua officials to take this step this year. It has been the custom for many to drive up in Jackson street for the musical preludes and drive away about the time the lectures begin.

The character of the program for the opening day indicates that one of the best opening-day crowds ever present will be on hand. The reputation of Mable Quam Stevens has preceded her here and Alice Shrode, the child impersonator and whistler, needs no introduction to a Rush county audience because her ability was revealed at a previous appearance here. The program committee is assured that the DeMille quartet, which will give the preludes Sunday, is one of the very best quartets obtainable.

PACKERS WILL COME FIRST

District Attorney Cline Says They Will Get Attention Now

(By United Press.)
Chicago, Aug. 9.—The packers will be given first attention by federal prosecutors here in the war on high prices, according to District Attorney Cline who just returned from Washington after a conference with Attorney General Palmer and administration leaders.
Cline indicated the trial may not be held in Chicago, pointing out that packers had plants in a dozen or more cities. Wherever evidence appeared strongest, Cline declared, there the action will be started.

STRIKING SHOPMEN ARE FLOCKING BACK

Respond to President's Declaration Wage Demands Will Not be Considered During Strike.

NEGOTIATIONS START TUESDAY

(By United Press.)
Washington, Aug. 9.—Railroad shopmen who struck without authorization are flocking back to work in response to President Wilson's declaration that he would not consider their wage demands until all were back on their jobs.

The railroad department of American Federation of Labor today received telegrams indicating all men would be back at work by Monday. Labor leaders said they were expecting to begin negotiations with Railroad Director Hines by next Tuesday.

The shopmen are demanding a 25 per cent wage increase. Wage demands of other railroad employees will be submitted with theirs.

Leader Grows Profane.

Indianapolis, Ind., Aug. 9.—F. Galloway, chairman of the strike committee of Indianapolis, announced this afternoon that he sent a telegram to the national union headquarters at Cleveland saying, "Go to hell!" The telegram, he said, was in reply to the request of headquarters that the 6,000 striking shopmen return to their work pending settlement on the wage demand in Washington.

Galloway also said that he received the strike ballot from national headquarters accompanied by the request that no strike action be taken until after it was voted all over the country.

SALE OF FOOD WILL BEGIN ON AUGUST 18

Government Will Not Sell Direct But Will Ship on Requisition by Postmasters

BACON AT 25 CENTS A POUND

(By United Press.)
Washington, Aug. 9.—Sale of food now held by the war department begins August 18, it was announced.

Prices fixed by the department will be C. O. D. wholesale, and additional charges will be made by the postal department for transportation by parcel post.

Food is now being directed to postal zones in amount proportionate to population.

No sale will be made direct to the consumer. Food will be shipped on requisition of the postoffice. Under the department lists of prices, the consumer can buy bacon for 25 cents a pound and flour \$6 per one cent a pound and flour \$6 per one hundred pounds and other articles at corresponding figures. The prices are exclusive of postal charges which will be added by the postmaster in resale of the goods.

EMPLOYERS HAVE TO BE REGISTERED

Last Legislature Passed Additional Law Regarding Workmen's Compensation

PENALTIES ARE ATTACHED

Each Employer Must Register Before September 1. Giving Statement of his Business.

Local business men who have not familiarized themselves with the amendments of the state law, concerning the Workmen's Compensation Act, which was passed at the last legislature, compelling all businesses to secure a certificate of registration from the Industrial Board on or before September 1 of each year, had better get busy and secure the proper registration blank from the board, or else suffer the penalty.

Section 68 of the 1919 acts defines the meaning of this point, and in part follows: "Every employer of the state, except agricultural employers of domestic servants, shall register annually in or before the first of September with the Industrial Board and procure the certificate of said board showing such registration. Each such employer shall file an application with the industrial board, annually on or before the first day of September, for registration and a certificate thereof, upon a form therefore, prescribed by the industrial board and furnished by it, in which the employer shall state the following facts, to wit: The correct name of the employer, and if a partnership, both the firm name and the partners name. The post-office address of each partner, the nature and location of the business in which the employer is engaged; the number of employees; the sex of the employees and the number of each sex, when both sexes are employed. Any employer failing to so file such application with the industrial board and procure a certificate of registration shall be fined continued on Page Six

MAUDE REED WOLCOTT IS GRANTED DIVORCE

Gets Decree of Separation From W. H. Wolcott on Last Day of Vacation Term of Court.

TWO SUPPORT CASES HEARD

Today was the last day in the vacation term of court, and this morning Judge Sparks was busy hearing three cases, two of which were taken under advisement for consideration, and one divorce was granted.

Mrs. Maude Reed Wolcott was granted a divorce from W. H. Wolcott, who did not appear in court against her. C. W. Duncan represented Mrs. Wolcott, and two witnesses testified in her favor, Dr. E. I. Wooden and George Helm, who declared that they were personally acquainted with Mrs. Wolcott, and that she had been a resident in this city for a number of years.

The case of Borem vs. Borem, in which Mrs. Bessie Borem was asking the court to modify the weekly allowance for her four children, Mrs. Borem stated that her divorced husband, Clarence Borem, was paying six dollars a week, which was not sufficient to keep the children.

This case, and the one following were not decided on, and Judge Sparks was considering them. Mrs. Zadie L. Clark asked the court to increase the allowance for her three children, stating that Alvin Clark was capable of making good money, and asked that he be compelled to pay \$5.00 a week instead of \$3.00.

HOARDED FOOD IS TO BE TAKEN OVER

Will be Put on Market by Government to Help Re-establish Law of Supply and Demand

CONGRESS TO ACT AT ONCE

President's Appeal For Ratification of Peace Treaty Causes Some Resentment

(By United Press.)
Washington, Aug. 9.—America's army of secret service agents was turned loose on the food hoarders today.

Orders were flashed from Washington to hundreds of special operatives of the bureau of investigation of the department of justice all over the United States, instructing them to co-operate with the federal district attorneys in the profiteers' hunt.

This adds materially to the numerical strength of the force which is devoting all their energy to opening warehouses and putting stored food upon the market to force down prices.

Hoarded food stocks will be taken over by the government and placed upon the market to help re-establish the operation of the law of supply and demand, the department of justice made known today.

Preparation for this work is now under way as part of Attorney General Palmer's country-wide campaign against profiteers.

Palmer today was hourly expecting a number of arrests from district attorneys who have been flooding him with telegrams concerning evidence they are collecting.

Several district attorneys are understood to be working together in checking the stocks of hoarded food.

Congress will begin at once consideration of legislation to carry out at least in part President Wilson's recommendations for reducing the high cost of living, house and senate leaders promised today.

Representative Mondell, majority Continued on Page Six

OUTGROWTH MAY BE ORGANIZATION HERE

Visit of Head of American Legion to Indiana Expected to Stimulate Formation of Posts

LOCAL MAN AT LUNCHEON

The visit of the commander-in-chief of the American Legion, one of the national organizations of veterans of the world war, to Indianapolis this week, is expected to result in the formation of a local organization. One of the purposes of the visit of the leader of the American Legion to Indianapolis is said to be to arouse interest in the body and stimulate the formation of new posts in the county seat cities of Indiana.

The World War Veterans is the other organization of veterans in the field, but it is confidently expected that the two organizations will get together and the veterans of the war with Germany will not have to choose between two societies.

Posts have been formed in many cities in Indiana by returning soldiers. There is one in Connersville, which is the home of the state head of the American Legion, Judge Raymond Springer. Samuel L. Trabue attended a luncheon which was given in the Riley room of the Claypool hotel at 12:30 today in honor of the commander-in-chief and for the purpose of stimulating organization of posts in Indiana.

WILL EVACUATE BUDAPEST

Roumanian Commander's Decision Due to Allied Attitude

(By United Press.)
London, Aug. 8.—The Roumanian commander-in-chief at Budapest intends to evacuate most of the Roumanian troops within a few days, according to Vienna dispatches received by way of Copenhagen today. The decision was reached because of the allies attitude, it was stated.

According to a News Agency dispatch from Budapest, the government of Arch Duke Joseph will be indorsed in the coming Hungarian election.

ISSUE APPEAL FOR SUPPORT OF PEOPLE

Fourteen Railroad Unions Deny Violence or Threat Was Contemplated in Request.

STILL A LIVING QUESTION

(By United Press.)
Washington, Aug. 9.—With striking shopmen returning to their jobs and Railroad Director Hines preparing to hear wage proposals of employees next week, representatives of fourteen road unions today issued an appeal to the people to back their demands for more pay. The appeal denied that any violence or threat was contemplated by laborers when they asked congress to adopt nationalization of railroads.

(President Wilson in his message to congress yesterday said there must be no threats).

The fourteen union heads stated they were asking Americanization of the railroads. "If congress and President Wilson cannot meet this request it is still a living question and we shall have to try to find another solution." The appeal was made in reference to the request for higher wages.

Senator Hitchcock today wired the Nebraska railroad brotherhood stating that he is opposed to the Plumb plan for railroad control.

ACTION IS DEMANDED AGAINST PROFITEERS

British Labor Leaders Advocate Hanging For Persons Who Take Advantage of Situation.

NATIONALIZATION IS URGED

(By United Press.)
London, Aug. 9.—British labor leaders demand direct action against profiteers, immediate release from the high prices and guarantee that no advance be permitted in the future.
"I would string up all persons who would take advantage of the sacrifice in blood made by the country," J. Thomas, laborite and member of parliament, declared.

Jack Jones, another member of parliament, urged establishment of a municipal market and hanging for offenders.

B. Speer, a member of parliament, favored nationalization of essential industries.

The profiteers should be sent to prison and the profits taxed 100 per cent, advised Neal MacLean, member of parliament.

WITHHOLDS APPROVAL

Washington, Aug. 9.—The senate foreign relations committee decided yesterday, on the strength of a governmental decree nationalizing the petroleum resources in Colombia to withhold its approval of the pending Colombian treaty until some definite assurance has been received that American interests will be protected.

ENEMY PROTECTED ONE FRENCH LINE

Harvey Allen Says Their Vessels Were Immune From Attack by Submarines During War

WAS TO PROTECT SPY MAIL

Rushville Man, in France 20 Months Tells of Speculation in American Money Orders

That one French trans-Atlantic steamship was protected by the Germans during the war, is the declaration of Harvey Allen, who recently returned from France where he served for twenty months in the United States civilian mail service.

Mr. Allen says that the French scout the idea that the Germans passed up an opportunity to torpedo any allied vessel or neutral either for that matter but the fact remains that not one of this particular line's liners was ever sunk or even attacked. This is ample evidence, in the opinion of Mr. Allen and others who are acquainted with the facts, that German submarine commanders had orders not to sink vessels belonging to this line.

Mr. Allen cites additional evidence for the theory in supplying a motive. He says that the German spies in the United States and Canada had to have some means of communication with their superiors in Germany, and that if all liners carrying mail were subject to attack, valuable information which they were sending to Germany in the mails might be lost. Of course, a large percent of mail from this country was intercepted and the information contained in it proved of no value to the Germans, but there is no doubt but that some of its successfully passed the allied censorship.

The vessels belonging to this particular line were all armed, Mr. Allen says, just as all passenger-carrying and other ships were armed, but he declares it is a well authenticated fact that none was ever fired on and that none ever sighted a submarine with one exception. There was a report, he says, that one of the line's ships once fired on an alleged submarine, but it is very probable that it was not a periscope which was seen.

Mr. Allen says that he went to France on one of these French liners, which was not convoyed, and that there was no sign of an enemy submarine at any time during the voyage.

In July, 1918, the mail service was taken out of the hands of the civilian clerks who were in France and placed in charge of the army, and after that time Mr. Allen was engaged entirely in the money order department, and in selling stamps. For the first fourteen months he was stationed at Langres, department of the Haute Marne, near Chaumont, or G. H. Q., as the A. E. F. knew it.

During the time he was at Langres, Mr. Allen wrote over a half million dollars worth of money orders (\$484,186.52 in that part of 1918 he was there.)

"My largest day was \$9,000," said Mr. Allen, discussing his experiences in France. "From the middle of August, I had one man to help me. We accepted French money at the prevailing rate of exchange. United States currency and paymaster's checks were also accepted. I have taken copper money from the following countries: Argentine, Portugal, Spain, Italy, Luxemburg, Tunis, Algiers, Greece, England, Belgium, Switzerland, nearly every British colony and even faraway Indo-China and Sarawak. I have a small collection of foreign coins which was given to me by friends in Continued on Page Five

MUST COMBINE TO STOP PROFITEERS

Farmers at State Meeting Urge Or-
ganization as One Means of
Overcoming Evil

TO BE ABLE TO STOP STRIKES

Plans Laid For Creation of \$200,000
Fund to Protect Rights of
Indiana Agriculturists

Indianapolis, Ind., Aug. 9.—Plans were laid for the creation of a \$200,000 guaranty fund to protect the rights and advance the interests of Indiana farmers, at a meeting here Friday of the Indiana Federation of Farmers' Associations. County and district leaders from all over the state were present and endorsed the following program, outlined by Lewis Taylor, general secretary:

1. Agriculture should and will organize, as capital and labor have organized, to protect itself and to develop new phases of production.

2. Farmers must get together to take up methods of meeting the practices of the packers and the grain men, where these methods are not to the benefit of agriculture or the community at large.

3. Farmers must protect themselves on the question of freight rates.

4. Problems of farm management and business methods must be met.

5. Agriculture must be protected against unjust and unfair legislation, by a group of alert students of farm problems.

Mr. Taylor elaborated on each topic to show how the farmer's conditions can be improved by co-operative action. The present railroad situation, he said, hurts the farmer who has no means of defense.

"But if we were organized, as capital and labor are organized," he declared, "we could quickly stop

such outbreaks as the railroad trouble. By the simple threat of withdrawing food supplies, we could preserve the economic peace and keep the wheels of industry moving."

The strike trouble, he added, is only one of many that confront the farmer right now. Some means must be found of removing the advantage held over farmers by the packers and grain men, and freight rates and charges must be equalized according to Secretary Taylor. All these problems are acute and must be solved, he added, but probably the most serious problems ahead is that of taxes.

"If we had been organized months ago," he declared, "we would not now be at the mercy of such a taxation system as is now imposed upon us. We must get together and protect our own interests in legislation at all times and we have just had a lesson that teaches the importance of doing so."

The guaranty fund, which will be used to further all these purposes, is to be raised among the farmers themselves in a special campaign that begins Monday, August 11 and runs to September 26. The campaign was recommended at a meeting of 250 representative Indiana farmers recently. It will be managed by ten district leaders and ninety-two county chairmen, all working in co-operation with state headquarters at Indianapolis.

MILLIONS

SUFFER FROM ACID STOMACH

THE GREATEST REMEDY ON
EARTH—ACID IRON MINERAL.

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments, such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also, call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

198 CASUALTIES WERE IN TODAY'S ISSUE

A Grand Total of 292,385 Names Have Been Reported by the War Department

FOUR HOOSIERS WERE LISTED

Washington, Aug. 9—The following casualties are reported by the commanding general of the American Expeditionary Forces: Killed in action, 4; died from wounds, 6; died from accident and other causes, 22; died of disease, 10; wounded severely, 31; wounded, degree undetermined, 22; wounded slightly, 72; missing in action, 1; total 168.

Total number of casualties to date, including those reported above: killed in action (including 382 at sea) 34,405; died from wounds, 13,909; died of disease, 23,527; died from accident and other cause, 5,179; wounded in action (over 85 per cent returned to duty,) 213,822; missing in action (not including prisoners released and returned), 1,543; total 292,385.

Four Indiana men were included in the list today:

Died of wounds—Sergt. Horace W. Barnes, Fort Wayne.

Wounded severely—Private Ray Dawson, Noblesville.

Wounded slightly—Private Hobart J. Harper, Corydon.

Wounded, degree undetermined—Lieut. Robert S. Thornburg, Richmond.

Days Pickings

A son was born this morning to the wife of Henry Heckman, living in West Fifth street. The child weighed 10½ pounds and has been named Louis William.

George Todd who has been in the navy for the last few months, has been mustered out of service and is home. He will resume his position with the F. A. Caldwell Furniture store in a few days.

Mary Ellen Downey, sixteen-months-old daughter of Mr. and Mrs. Ellis Downey, who has been quite ill with cholera infantum, for the last week, showed improvement today and physicians hold encouragement for her recovery.

Work has been delayed again on

the Third street improvement by a shortage of cement. The contractor has no assurance of when cement will arrive due to the shortage of cars and reduction of the number of freight trains on account of the shopmen's strike.

Robert Helm, son of City Treasurer George Helm, who accepted a position with the Whittaker Paper company of Cincinnati six weeks ago, was this week transferred to the New York offices of the concern. Mr. Helm was graduated from Miami university at Oxford, Ohio in June.

John Arnold, living east of Rushville, tells of an instance which is the long-distance record for mail delay. On January 5, 1919, Mr. Arnold's daughter at Knightstown mailed a letter to him on August 5 the letter was delivered to his home in Union township, which is only twenty-five miles from his daughter's home.

Too Many Irons

The packers are now being blamed for the price of meat, and the usual remedy is demanded. The government must take over the packing industry.

The government took over the railroads, and although it succeeded in making the railroads poor, it also made the shipping public poor. Using the railroads now costs so much that you feel a good deal poorer every time you indulge in that luxury.

The government is quite capable of making the packers poor. Any one who dislikes the packers can feel quite happy about that. And, as far as some people are concerned, that may happen any time, and welcome.

But while the government is making the packers poor, will it make us any richer? That is what we want to know. Will it make our meat cheaper?

If the packers have conspired to jack-screw prices up, so as to fleece

Sap and Salt

By BERT MOSES

The surest way to be somebody is just to be natural.

Jobs are always open to good men, and good men are men who know how.

Going somewhere else is a costly habit invented by railroads and hotels.

A woman with fine teeth is always charming, no matter how homely she is.

Hez Heck says: "The more 'shape' an actress has, the less ability she requires to get a job."

What's the use of reading a novel when you know beforehand that they're going to get married in the last chapter?

Politicians at Washington are only country no-accounts drawing more salary than local folks back home will stand for.

the public, we don't merely want to see them impoverished. We want to see them pay the penalty. But this is a matter for accountants. If they have done so, we can easily find it out by investigating the ledgers.

Investigations up to date merely indicate that the packers make a small profit, but that the turnover is large—in a word, that the high prices are due to the high wages paid to employees, and to the cost of transportation, for which we really pay the government. Future investigations may tell a different tale; but we should ask for more proof before we ask the government to seize the packing business.

It is a highly specialized industry, needs a lifetime of experience to learn, and is very delicately organized. The government knows nothing about it, and would begin as an amateur, with everything to learn. In a few months it would dislocate the organization, and by dissipating its energies instead of concentrating them it would develop ruinous expenses which the consumer would have to defray in the increased cost of meat.

It would be an excellent thing if government could handle all staple industries. If it could. But it will have to learn how first, and during its apprenticeship the experts must be kept close at hand to show how economies can grow out of systematizing.

Henry Ford, it seems, admitted on the witness stand that he is an "ignorant idealist." Well, we'll not dispute Henry—he ought to know.

Presidential bees are again buzzing around looking for the entrance to the official hive. We suspect, however, that some of them are only bumblebees.

They say, however, that the devil is much concerned over the future of his realm. He has no place vile enough for a profiteer.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

The redeeming feature about Rev. Phipps Alger was his wife; a woman of much patience and common sense. The Reverend had a frightful habit of preaching two hours, and his sermons were replete with lungs and repetitions. An unusual drouth came; and Alger organized a special prayer service for rain. It was sincere, but a terribly painful two hours of moans and prayer. Curiously enough, late that night a severe hail and rain storm came and damaged the crops for miles. At Monday noon when the patient wife was walking along the street a neighbor said:

"It's wonderful how the Reverend's prayers were answered."

"Oh, yes, indeed," said the wife. But it was so like him to overdo it."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

Among German generals a popular pastime consists of telling each other how they won the war by crying "enough."

Our jails are full of all sorts of criminals—except profiteers.

Amusements

An All Comedy Program

Nothing but comedy will be served to the patrons of the Princess theater tonight when May Allison appears in "Peggy Does Her Darndest" and "Love's False Faces," a Mack Sennett production is shown. A feature picture, "A Midnight Romance," comes to the Princess Monday and Tuesday. Anita Stewart, who is popular with Rushville audiences but who has not been seen here often of late, has the leading part in this picture, which is said to be one of the most fascinating romances ever shown on the screen.

In An Enchanted Garden

So far as visual delight is concerned, there is an enchanted garden in "A Japanese Nightingale," the first of the Pathe Extra-Selected Star Photoplays, featuring Fannie Ward, which was shown at the Mystic Theatre today. It is of a beauty which has evoked spontaneous expressions of wonder and admiration; and even experienced travelers could not believe at first, that they were not looking upon some floral paradise in the land of the Mikado.

The location is on the Pacific coast, where a millionaire man of dreams, by the magic of a bottomless purse, has been able to have a section of Japan picked up and transported to his estate. Real Japanese players add to the fidelity of the story and Miss Ward, as Yuki, the heroine, has done the most poetically dramatic work of her career. All in all, it is a great love story, an exquisite picture and a triumph of emotional portrayal.

FOR STEALING 50 CENT PIPE

Glen Downey Pleads Not Guilty and Case is Set For Trial.

Glen Downey was arraigned before Mayor Irvin this morning on a charge of petit larceny, being charged with the theft of a pipe, and he entered a plea of not guilty, and his trial was set for Monday morning at 9 o'clock. The affidavit was filed by Matilda Hasher, stating that Downey unlawfully took a pipe valued at 50 cents from Frank Hasher, who conducts a grocery store near the Big Four depot in First street.

GOOD FARMS FOR SALE

Trees and Shrubbbery

Having been engaged in selling Nursery Stock in and around Rushville for the past four weeks, and having had an automobile cripple me up by driver having run into my buggy. I am at present not able to drive and will give prompt attention to calls of persons who may want trees or shrubbbery if they will phone 2028. House number 221 E. Second St., during next 10 days.

C. L. HURST

21 PRISONERS ARE TAKEN OTHER ARRESTS EXPECTED

Salvation Army Forward Movement is Gaining in Force.

"Last night's drive put on by the local forces of righteousness was no weak drive," says the Salvation Army announcement today. After one hour and fifteen minutes of fighting one prisoner was captured, making a total for the forward movement of 21 prisoners captured, and fourteen have enlisted there all for life (or were sanctified.)

"The Glory Room was completely filled, some arriving as much as thirty minutes before the hour to open the barrage. Meetings will be held all day Sunday—ten o'clock in the Glory room, 10:30 in the large room, at 3:15 o'clock praise meeting, and 7:30 o'clock meeting in the Glory Room, and 8 p. m. the big battle Room, and 8 p. m. the big battle for souls."

The great armadillo has ninety-two teeth—more than any other animal possesses.

Affidavits Will be Issued Boys Implicated in Throwing Stones

In giving the sentence of \$25 and 60 days in the penal farm to Jack Osborn the other day in police court, the Daily Republican was in error in stating that the other boys were given a suspended sentence. Ray Foster and Charley Barne were witnesses for the state in the case and were not sentenced. It is expected that affidavits will be issued for the arrest of two more young men in connection with the stone throwing. In making out the affidavits the other day Prosecutor Stevens implicated "Curly" Gard but he proved an alibi and the charge was nollied.

MANY CONGRESSMEN STRONG FOR WATSON

Number of Indiana Republicans
Favoring Him for President
Cause for Much Comment

STRONG THROUGH THE WEST

Much interest was indicated among the members of the Hoosier congressional delegations in the expressions of Indiana republicans, as printed in The Indianapolis Star, on the presidential outlook. Com-

ment was made on the fact that such a large number of republicans interviewed expressed preference for Senator Watson, says a Washington dispatch. Members of the Hoosier delegation have had no intimation from Senator Watson that he has the presidential bee in his bonnet, but they would jump at a chance to help make him the nominee if the opportunity should come. Senator Watson, by his long service in the house before going for the upper body has made acquaintances of members of congress from many states and there is not a little Watson talk among them. Watson admirers seem to be especially numerous in Kansas, Missouri and Oklahoma. Senator Fernald of Maine gave out an interview in Maine newspapers some time ago that Watson is his choice.

ONE FRENCH LINE

Continued from Page One

France, some Roman and a few very old French coins.

Mr. Allen said that the worst thing he had to contend with as a money order clerk was speculation through the purchase of money orders, due to the depreciation of French currency. When America entered the war the value of an American dollar in French money was five francs and seventy centimes. Last month the rate of exchange was six francs and forty-five centimes for an American dollar and this month seven francs and forty-five centimes. Many Americans made thousands of dollars in this way, Mr. Allen said, until the practice became so general that a limit was placed on the number and size of money orders sold.

CONTRACT LET FOR FACTORY

Greensburg, Ind., Aug. 9.—The contract for the new automobile factory building here has been awarded to Marsh McCormick for \$22,000. Work will be started immediately. 169-Acre Farm at Auction

Monday, Aug. 18, '19

SALE TO COMMENCE AT 2:00 O'CLOCK

We, the undersigned will sell the following described farm on the above date at public auction, which is located two miles southeast of Rushville. It is known as the Ayres farm.

We feel that it is as high class piece of land as has ever been offered at auction in Indiana, all of which is cleared except about ten acres. It has fair buildings, good fencing, good fertile sugar tree and walnut land.

You will note from the location that you are close to market, churches and good schools.

The liberal terms given below will enable you to buy a farm that will almost pay for itself.

TERMS—One-third cash; one-third in twelve months and one-third in twenty-four months, deferred payments to be secured by first mortgage drawing 6 per cent, payable semi-annually, with privilege of paying all cash or any part above cash payment.

TRIAL IS SET FOR MONDAY

Expected J. A. Spurrier Case Will be Settled at Shelbyville

According to a Shelbyville paper, John A. Spurrier of this city, who was arrested a few days ago on a charge of passing a fraudulent check on the Gwynneville state bank and who gave \$500 bond when arraigned in Shelbyville, will come up for trial in that city Monday afternoon at one o'clock. His case has been set in police court. The check which was passed was for \$110 and was drawn on the Farmers National Bank at Wilkinson, and made payable to the Gwynneville bank, bearing the date of November, 1918.

ATTEMPTS TO KILL HIMSELF

Greensburg, Ind., Aug. 9.—Walter Miller, age twenty-three, a returned overseas soldier, giving his residence as Pansy street, Indianapolis, who is being held in jail here on a charge of burglary, made an unsuccessful attempt to commit suicide last night. He swallowed a quantity of poison, and for a few hours his condition was serious, but he will recover.

BRISTOL.—An electrical typewriter giving greater speed and silent working, is the invention of a Bristol business man. No special installation is necessary, the current from an ordinary electric lamp sufficing.

SOCIETY

The dance which was to have been given in Jackson's park in Raleigh, tomorrow evening, has been postponed indefinitely.

* * *

Mrs. Frank Wilson will entertain the members of the Five Hundred Club Monday afternoon at her home in North Main street.

* * *

Mr. and Mrs. Chauncey Duncanson were host and hostess for the Evening card club last evening at their home in North Perkins street. The guests enjoyed the evening playing Five Hundred and at the close of the games a dainty luncheon was served.

* * *

Mrs. Quince Whitton of North Arthur street has received word of the marriage of her son, Sergt. J. R. Hood of Fort Caswell, to Miss Ethel Ottaway of Southport, North Carolina. The ceremony took place at the home of the bride, July 21. Sergt. and Mrs. Hood will make their home for the present with the parents of the bride, Mr. Hood, who is a member of the regular army, is well known in this city, having lived here before entering the service.

CITY PROPERTY SOLD

Mrs. Leila Retherford today announced the sale of the Carmichael property, corner of Main and Fifth streets, to Mr. and Mrs. Joe Amos, who recently sold their farm just east of Rushville to John Gartin.

EMPLOYERS HAVE TO BE REGISTERED

Continued from Page One not less than ten nor more than one hundred dollars.

Many merchants and businesses have depended upon the company in which they have insurance to keep them informed and supplied with any information, but this is a new section, just appended by the last legislature, and it might be that the companies will not get to it.

Every employer under this act shall keep his insurance under some corporation, association or organization authorized to transact the business of workmen's compensation insurance in this state, or shall furnish with the Industrial Board a satisfactory proof of his financial ability to pay directly the compensation in the amount and manner and when due as provided for in this act. In the latter case, the board may use its discretion, require the deposit of an acceptable security, indemnity or bond to secure the payment of compensation liabilities as they are incurred.

Any business in Rushville which has not filled out its declaration on a registration blank, should do so at once, and can secure the proper kind of a blank by calling on the Industrial Board.

FORMER TEACHER HONORED

Merle Colvin, Chief Clerk Advisory Committee For Aeronautics

Word has been received by friends of Merle Colvin, of Flora, Ind., of his promotion as chief clerk of the national advisory committee for aeronautics, in Washington, D. C. Mr. Colvin is well known in Orange, having been assistant principal of the high school of that place for three years and principal for one year. He is also well known in this city.

After the middle of August Mr. Colvin will be stationed at Hampton, Virginia. His promotion was a reward for his excellent service of eighteen months in the military aeronautics department at Washington, D. C.

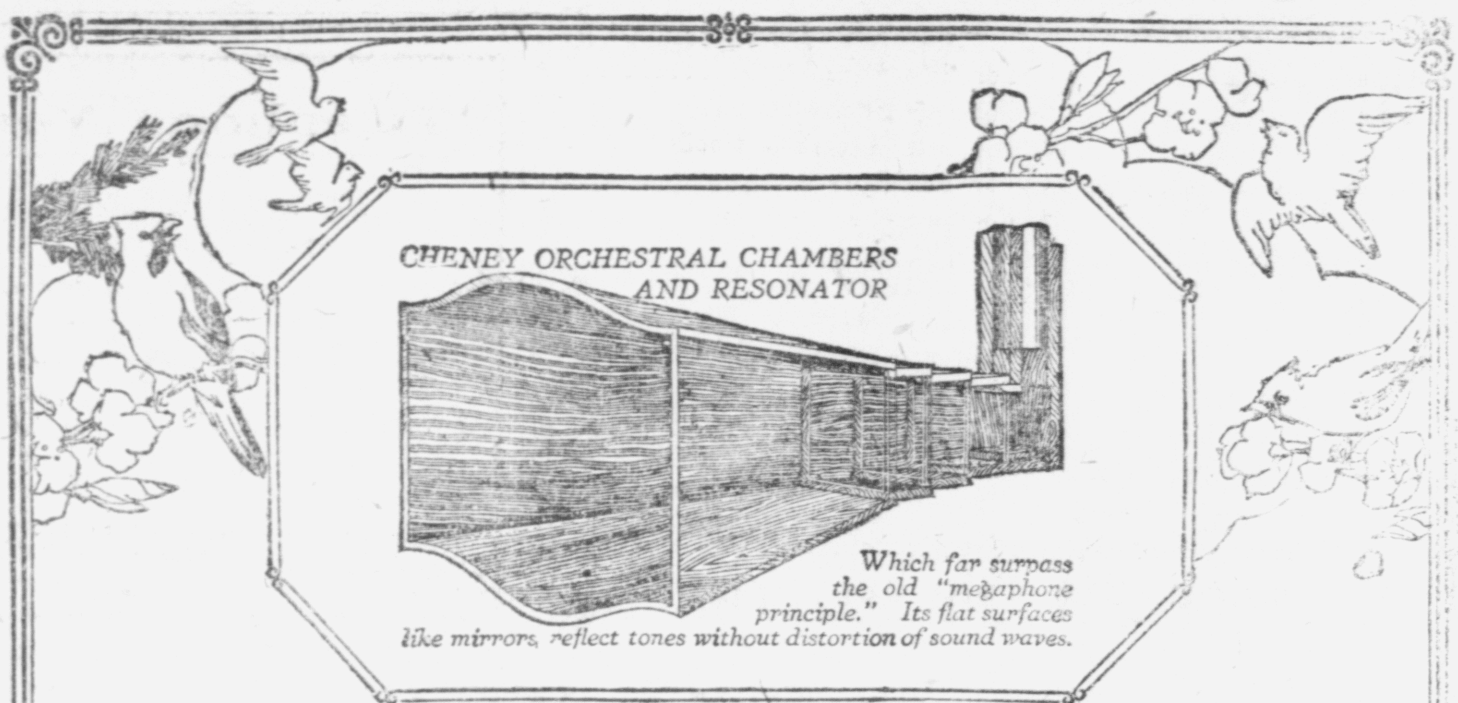

HOARDED FOOD IS TO BE TAKEN OVER

Continued from Page One leader of the house, said that any request for money to make effective the campaign against the profiteers would speedily be complied with.

Senator Lodge, majority leader of the senate said: "I think the president made some good and practical suggestions in regard to the artificial and extortionate prices for the necessities of living and I am sure that congress will deal with them at once."

A number of the president's suggestions have been covered in bills now pending. Committee action on these will be urged next week. They include measures for legislation controlling storage plants and for stamping prices on food products.

Comments from members of both parties show that some of the president's suggestions regarding legislation met with general approval. His appeal for ratification of the treaty apparently caused some resentment.

The Longer You Own A Cheney The Sweeter It Plays

The CHENEY PHONOGRAPH

Style Four William and Mary

AS AGE has added tonal richness to violins made by the old Italian masters, so Cheney Tones gain beauty with the years.

This unique quality is directly attributable to the Cheney resonator which is carved with violin lines from seasoned spruce and suspended free from the cabinet walls. This permits it to vibrate, as a violin does, and there seems to be a molecular change in the wood which adds sweetness and quality to the tones.

Thus, the tonal purity and mellowness of the Cheney is of increasing value, and it becomes a prized heirloom to be handed down from generation to generation.

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum charge 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

SALE OF REAL ESTATE.

Notice is hereby given by the undersigned as Executor of the will of Johanna I. Roest Reeve, deceased, that by virtue of the authority conferred by said will, he will at 1:30 o'clock p. m. on Saturday, the 16th day of August, 1919,

and from day to day thereafter until sold, at the law office of A. L. Gary, in Rushville, Indiana, offer at private sale the following described real estate in Rush County, Indiana, to-wit: Lot No. 45 in the addition to the city of Rushville, Indiana, laid off by Edwin Payne, John B. Reeve and William A. Allen as Trustees.

Said property includes a modern 8 room house, with furnace, garage and rich garden spot. Is in good location and is known as 825 N. Harrison St.

TERMS—One-half (1/2) of purchase price, cash; one-half (1/2) payable in six (6) months from date of sale, deferred payment to be evidenced by note of purchaser drawing interest at the rate of 6 per cent per annum, with privilege to purchaser of paying all cash.

A. L. GARY, Executor.

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

Catarrh Specialist Coming to Rushville

WILL GIVE FREE EXAMINATION AND ADVICE
Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.

Catarrh, besides being extremely disagreeable and annoying, with its continual coughing, hawking and spitting, is positively dangerous, as it leads to many fatal diseases and undermines the strength and health of the whole system. It is a stubborn disease to cure, requiring the skill of an expert and experienced specialist to properly rid the system of it in a short time. It is very seldom, if ever, cured by patent medicines, mail order treatment, home remedies and the like.

The Indiana Catarrh Institute is a large institute, devoted entirely and exclusively to the treatment of catarrh. It has a staff of specialists who have devoted more than sixteen years to the study of this one disease.

There is no other institution like it in this country and their methods used in curing catarrh are different from any other in this country. Their methods can be used either in the Institute or in the home, according to patient's convenience. Anyone visiting Indianapolis is invited to call at the Institute and investigate their methods and results. But for convenience, it is well to see the Medical director, an expert specialist, when he is in this city.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat or lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal condition, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.

Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Scanlon Wednesday, August 13th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him.

For further information either call in person or write The Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind.—Adv.

JULY DROUGHT IS DISASTROUS

Indiana Crop Reporting Service Says That All Crops in State Were Damaged

POTATOES ARE BADLY HIT
Showers in Many Localities Saves Corn From Ruin—Average Wheat Yield 15 Bushels

The July drought conditions were very disastrous to all growing crops in this state according to the report of the Indiana co-operative crop reporting service issued today. Practically all crops show a decided deterioration from the July report. Spring wheat seems to have been hit harder than any of the other crops, with white sweet potatoes running a close second; the former dropping 45 points and the latter 36 points during the month. Apples and pears show a decline of only 2 points and peaches did not lose any; the losses for other crops are as follows: timothy hay 3 points; broomcorn 4 points; alfalfa and cantaloupes 5 points, each; field peas 6 points; grapes 7 points; grain sorghum and onions 8 points, each; millet, tobacco, tomatoes and watermelons, 9 points, each; blackberries, field beans and sugar beets 10 points, each; corn, oats and sorghum cane 12 points, each; barley 16 points; cabbages 20 points; sweet potatoes 21 points, and pasture 23 points. The winter wheat forecast for August is 42,930,000 bushels as compared with 55,809,000 bushels in May. The August forecast for rye is 5,964,000 bushels as compared with 7,264,000 bushels in May. The buckwheat crop shows 20 per cent less acreage this year than last and a condition figure of 80 per cent of normal which indicates a crop of 315,000 bushels.

The average yield of wheat and rye and the condition of corn and oats is given for each county in the state. Rush county's wheat average is put at seventeen bushels and rye fourteen bushels. The condition of the corn crop is estimated at eighty percent and the oats crop eighty nine percent.

The detail follows:

At the most critical stage of the corn crop good showers occurred in most localities and saved the crop from ruin, although on thin and sandy soils, it is badly fired and will not do much good. Some of the bottom land and in places where showers occurred frequently, the crop is in splendid condition, but as a whole, it was severely damaged by the drought in July. The August condition figure is 76 percent of normal, compared with 88 per cent in July, which indicates a production of 165,075,000 bushels at this time.

The average yield of winter wheat

is only 15 bushels per acre, although a few fields produced as high as 40 bushels. The straw was exceptionally heavy, but the heads generally were small and poorly filled; which is attributed to scab, smut, insects and ripening too quickly during the hot weather in June. The present forecast is for 42,930,000 bushels compared with 55,809,000 in May.

The condition figure for spring wheat if 40 per cent of normal compared with 80 per cent for July. The hot weather in July was the principal factor in the decline of this crop.

Oats condition shows a decline of 12 points for the month, being 77 per cent of normal compared with 88 per cent last month. The straw was very short and thin on the ground and the heads did not fill well, because of the exceptionally hot weather at that time.

Extreme heat and dry weather, at the time of filling caused a decline in the barley condition from 86 per cent in July to 72 per cent at this time. Barley is raised in this state principally for feed on the farms.

Hot, dry weather during July practically ruined the early varieties of potatoes and materially injured the latter ones. The condition figure dropped from 87 per cent in July to 51 per cent at this time.

Sweet potatoes declined from 92 per cent in July to 71 per cent in August. The deterioration was not as pronounced in the commercial sections as in other parts of the state.

Rains on the last day or two of July started the tobacco growing again, but a decline from 84 percent in July to 75 per cent in August indicates the extent of the damage by the dry, hot weather.

The total hay acreage of the state shows a reduction of 5 per cent over last year. In point of quality, timothy hay was one of the best crops produced in recent years, but the clover and mixed hays were very weedy with an average yield of only 1.2 tons per acre, the second cutting of alfalfa was extremely short.

Pastures show a decline in condition from 94 per cent in July to 71 per cent at this time and in some places it became necessary for farmers to feed their stock.

Tomatoes, cabbages and onions show a decline of 9, 20 and 10 points, respectively, over last month. The condition of these crops at this time as compared with normal is 78 per cent for tomatoes, 68 per cent for cabbages and 82 per cent for onions.

All fruit crops, except peaches show a small decline over last month; apples and pears losing 2

Lower Milk Bills

And Better Milk—the Finest in America

Van Camp's Milk brings lower milk bills.

It saves the waste of guessing on your milk wants in advance.

Here the cow is in the pantry. Small cans and large cans are at your call. Open what you need.

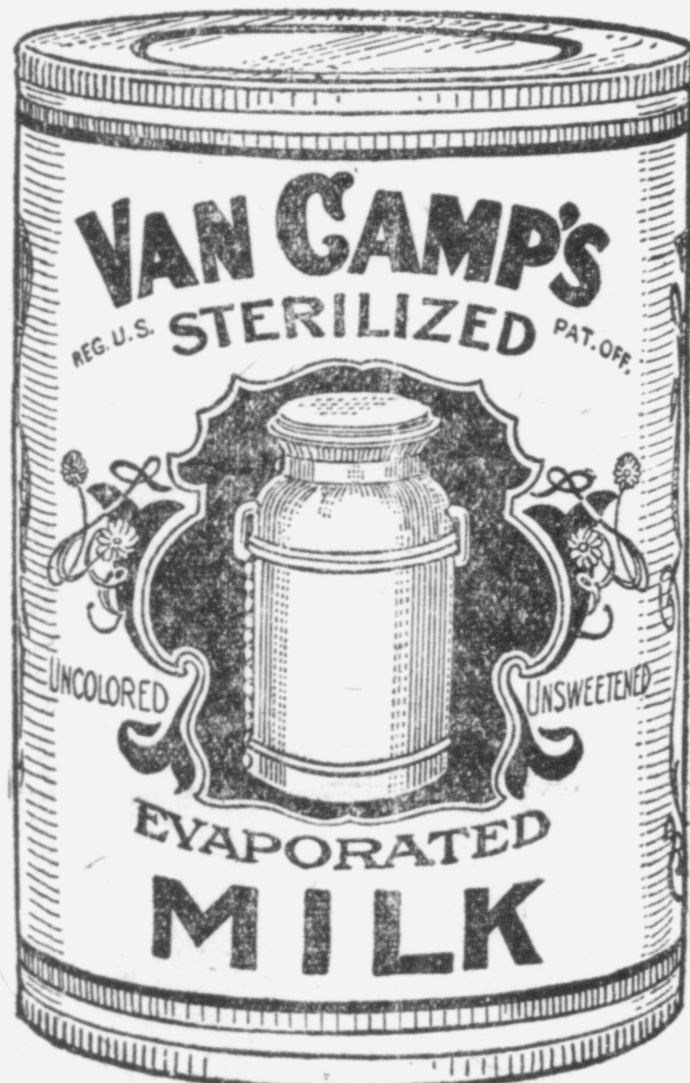

No need to guess the day's wants in advance. There is never a shortage, never a waste.

Double-Rich Milk

Van Camp's is whole milk from high-bred cows, with over half of the water evaporated.

It is twice as rich in butter fat and solids as the milk when it comes from the cow. Nothing is subtracted save the water.

It is as thick as thick cream. You can even dilute it for coffee or ice cream. Dilute it one-half and you have a very rich milk. Dilute it still further for cooking.

"The Cow in the Pantry"

Nothing Changed

We take this rich milk, fresh from the cow, and place it in a vacuum. There, by low heat, we evaporate most of the water, and that's all.

After sealing the milk in tin cans it is sterilized. That is the only change from fresh milk, and that is essential. Safety requires a germ-free milk—a pasteurized milk—whether you get it in bottles or cans.

For coffee or cereals Van Camp's is a cream. For cooking, when greatly diluted, it is still rich in butter fat.

A Guarded Milk

Van Camp's Milk comes from sanitary dairies, from inspected cows.

We have seven model condenseries, in the heart of great dairying districts. The milk is evaporated right after milking.

The Van Camp experts have spent twenty years to produce the finest milk in America. You will know that it is when you taste it.

Whatever milk you are using—bottled or evaporated—compare Van Camp's Milk with it. Here is the very utmost in rich, hygienic milk.

Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation.

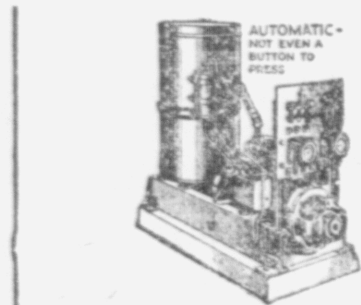

Sealed at model condenseries in seven great dairying districts by

points, grapes 7 points and blackberries 10 points. Present condition figures show 25 per cent for apples, 15 per cent for peaches, 23 percent for pears and 70 per cent for grapes and 84 per cent for blackberries.

TAIL LIGHTS WILL PLAY THE RED SOX

Rushville Aggregation Will Meet Fast Arlington Team at Arlington Sunday.

ALL LOCAL TALENT ON TEAM

The Rushville Tail Lights, baseball team composed of all local talent, will meet the Red Sox of Arlington at that place on Sunday, and the game promises to be a fast one, as the Tail Lights are in the best of condition, and are confident of taking the game. The regular line-up will be used for Arlington, and the Rushville team will be accompanied by a big bunch of local fans.

The line-up of the locals will be as follows: Doll, catch; Yazel, pitch; McKee, 1st base; Thorpe, 2nd base; Joyce, short stop; Tompkins, 3rd base; Sharp, left field; Keating, center field; Todd right field. The Rushville battery is strong, as Yazel is again in fine shape and is rounding in form like he formally had when with the Ohio State league; Doll is considered one of the best catchers in semi-pro ball in this part of the state. The game will be called after the arrival of the 2:52 car from Rushville.

7:45 p. m. Prelude—The Old Home Singers.
8:30 p. m. Lecture—Senator George E. Chamberlain.

The scramble for guarantors' season tickets to the Rush county chautauqua, which opens at the city park coliseum tomorrow and continues until Sunday, August 17, was not abated today but grew worse. As the hour for the opening approaches, prospects for the banner attendance in the history of the chautauqua grow brighter, because of the demand for season tickets. There were two hundred guarantors' tickets issued, and so far as could be learned, not a one could be bought today. Some persons who were unable to get guarantors' tickets were under the impression that they would have to pay single admissions for all of the sessions they attended, but his is far from the truth. Regular season tickets, which have always been \$2.00, will be on sale at the box office tomorrow.

It was announced today that permission had been granted by the city authorities to the chautauqua officials to close Jackson street, east of the coliseum, during the programs, to prevent interruptions while the chautauqua is in session. The street will be closed above Ninth street just before the programs begin and will be opened as soon as the programs end. The noise of machines in the block north of Ninth street and east of the coliseum, has been the source of constant annoyance during the programs at past chautauquas, which moved chautauqua officials to take this step this year. It has been the custom for many to drive up in Jackson street for the musical preludes and drive away about the time the lectures begin.

The character of the program for the opening day indicates that one of the best opening-day crowds ever present will be on hands. The reputation of Mable Quam Stevens has preceded her here and Alice Strode, the child impersonator and whistler, needs no introduction to a Rush county audience because her ability was revealed at a previous appearance here. The program committee is assured that the DeMille quartet, which will give the preludes Sunday, is one of the very best quartets obtainable.

PACKERS WILL COME FIRST District Attorney Cline Says They Will Get Attention Now

(By United Press.)
Chicago, Aug. 9.—The packers will be given first attention by federal prosecutors here in the war on high prices, according to District Attorney Cline who just returned from Washington after a conference with Attorney General Palmer and administration leaders. Cline indicated the trial may not be held in Chicago, pointing out that packers had plants in a dozen or more cities. Wherever evidence appeared strongest, Cline declared, there the action will be started.

STRIKING SHOPMEN ARE FLOCKING BACK

Respond to President's Declaration Wage Demands Will Not be Considered During Strike.

NEGOTIATIONS START TUESDAY

(By United Press.)
Washington, Aug. 9.—Railroad shopmen who struck without authorization are flocking back to work in response to President Wilson's declaration that he would not consider their wage demands until all were back on their jobs. The railroad department of American Federation of Labor today received telegrams indicating all men would be back at work by Monday. Labor leaders said they were expecting to begin negotiations with Railroad Director Hines by next Tuesday. The shopmen are demanding a 25 per cent wage increase. Wage demands of other railroad employees will be submitted with theirs.

Leader Grows Profane

Indianapolis, Ind., Aug. 9.—F. Galloway, chairman of the strike committee of Indianapolis, announced this afternoon that he sent a telegram to the national union headquarters at Cleveland saying, "Go to hell!" The telegram, he said, was in reply to the request of headquarters that the 6,000 striking shopmen return to their work pending settlement on the wage demand in Washington. Galloway also said that he received the strike ballot from national headquarters accompanied by the request that no strike action be taken until after it was voted all over the country.

SALE OF FOOD WILL BEGIN ON AUGUST 18

Government Will Not Sell Direct But Will Ship on Requisition by Postmasters

BACON AT 25 CENTS A POUND

(By United Press.)
Washington, Aug. 9.—Sale of food now held by the war department begins August 18, it was announced. Prices fixed by the department will be C. O. D. wholesale, and additional charges will be made by the postal department for transportation by parcel post. Food is now being directed to postal zones in amount proportionate to population. No sale will be made direct to the consumer. Food will be shipped on requisition of the postoffice. Under the department lists of prices, the consumer can buy bacon for 25 cents a pound and flour \$6 per one hundred pounds and other articles at corresponding figures. The prices are exclusive of postal charges which will be added by the postmaster in resale of the goods.

EMPLOYERS HAVE TO BE REGISTERED

Last Legislature Passed Additional Law Regarding Workmen's Compensation

PENALTIES ARE ATTACHED

Each Employer Must Register Before September 1, Giving Statement of his Business.

Local business men who have not familiarized themselves with the amendments of the state law, concerning the Workmen's Compensation Act, which was passed at the last legislature, compelling all businesses to secure a certificate of registration from the Industrial Board on or before September 1 of each year, had better get busy and secure the proper registration blank from the board, or else suffer the penalty.

Section 68 of the 1919 acts defines the meaning of this point, and in part follows: "Every employer of the state, except agricultural employers of domestic servants, shall register annually in or before the first of September with the Industrial Board and procure the certificate of said board showing such registration. Each such employer shall file an application with the industrial board, annually on or before the first day of September, for registration and a certificate thereof, upon a form therefore, prescribed by the industrial board and furnished by it, in which the employer shall state the following facts, to wit: The correct name of the employer, and, if a partnership, both the firm name and the partners name. The post-office address of each partner, the nature and location of the business in which the employer is engaged; the number of employees; the sex of the employees and the number of each sex, when both sexes are employed. Any employer failing to so file such application with the industrial board and procure a certificate of registration shall be fined

MAUDE REED WOLCOTT IS GRANTED DIVORCE

Gets Decree of Separation From W. H. Wolcott on Last Day of Vacation Term of Court.

TWO SUPPORT CASES HEARD

Today was the last day in the vacation term of court, and this morning Judge Sparks was busy hearing three cases, two of which were taken under advisement for consideration, and one divorce was granted. Mrs. Maude Reed Wolcott was granted a divorce from W. H. Wolcott, who did not appear in court against her. C. W. Duncan represented Mrs. Wolcott, and two witnesses testified in her favor, Dr. E. I. Wooden and George Helm, who declared that they were personally acquainted with Mrs. Wolcott, and that she had been a resident in this city for a number of years. The case of Borem vs. Borem, in which Mrs. Bessie Borem was asking the court to modify the weekly allowance for her four children, Mrs. Borem stated that her divorced husband, Clarence Borem, was paying six dollars a week, which was not sufficient to keep the children. This case, and the one following Sparks was considering them. Mrs. Zadie L. Clark asked the court to increase the allowance for her three children, stating that Alvin Clark was capable of making good money, and asked that he be compelled to pay \$5.00 a week instead of \$3.00.

HOARDED FOOD IS TO BE TAKEN OVER

Will be Put on Market by Government to Help Re-establish Law of Supply and Demand

CONGRESS TO ACT AT ONCE

President's Appeal For Ratification of Peace Treaty Causes Some Resentment

(By United Press.)
Washington, Aug. 9.—America's army of secret service agents was turned loose on the food hoarders today.

Orders were flashed from Washington to hundreds of special operatives of the bureau of investigation of the department of justice all over the United States, instructing them to co-operate with the federal district attorneys in the profiteers' hunt.

This adds materially to the numerical strength of the force which is devoting all their energy to opening warehouses and putting stored food upon the market to force down prices.

Hoarded food stocks will be taken over by the government and placed upon the market to help re-establish the operation of the law of supply and demand, the department of justice made known today.

Preparation for this work is now under way as part of Attorney General Palmer's country-wide campaign against profiteers.

Palmer today was hourly expecting a number of arrests from district attorneys who have been flooding him with telegrams concerning evidence they are collecting.

Several district attorneys are understood to be working together in checking the stocks of hoarded food.

Congress will begin at once consideration of legislation to carry out at least in part President Wilson's recommendations for reducing the high cost of living, house and senate leaders promised today.

Representative Mondell, majority

OUTGROWTH MAY BE ORGANIZATION HERE

Visit of Head of American Legion to Indiana Expected to Stimulate Formation of Posts

LOCAL MAN AT LUNCHEON

The visit of the commander-in-chief of the American Legion, one of the national organizations of veterans of the world war, to Indianapolis this week, is expected to result in the formation of a local organization. One of the purposes of the visit of the leader of the American Legion to Indianapolis is said to be to arouse interest in the body and stimulate the formation of new posts in the county seat cities of Indiana.

The World War Veterans is the other organization of veterans in the field, but it is confidently expected that the two organizations will get together and the veterans of the war with Germany will not have to choose between two societies.

Posts have been formed in many cities in Indiana by returning soldiers. There is one in Connersville, which is the home of the state head of the American Legion, Judge Raymond Springer. Samuel L. Trabue attended a luncheon which was given in the Riley room of the Claypool hotel at 12:30 today in honor of the commander-in-chief and for the purpose of stimulating organization of posts in Indiana.

WILL EVACUATE BUDAPEST Roumanian Commander's Decision Due to Allied Attitude

(By United Press.)
London, Aug. 8.—The Roumanian commander-in-chief at Budapest intends to evacuate most of the Roumanian troops within a few days, according to Vienna dispatches received by way of Copenhagen today. The decision was reached because of the allies attitude, it was stated.

According to a News Agency dispatch from Budapest, the government of Arch Duke Joseph will be indorsed in the coming Hungarian election.

ISSUE APPEAL FOR SUPPORT OF PEOPLE

Fourteen Railroad Unions Deny Violence or Threat Was Contemplated in Request.

STILL A LIVING QUESTION

(By United Press.)

Washington, Aug. 9.—With striking shopmen returning to their jobs and Railroad Director Hines preparing to hear wage proposals of employees next week, representatives of fourteen road unions today issued an appeal to the people to back their demands for more pay. The appeal denied that any violence or threat was contemplated by laborers when they asked congress to adopt nationalization of railroads.

President Wilson in his message to congress yesterday said there must be no threats.

The fourteen union heads stated they were asking Americanization of the railroads. "If congress and President Wilson cannot meet this request it is still a living question and we shall have to try to find another solution." The appeal was made in reference to the request for higher wages.

Senator Hitchcock today wired the Nebraska railroad brotherhood stating that he is opposed to the Plumb plan for railroad control.

ACTION IS DEMANDED AGAINST PROFITEERS

British Labor Leaders Advocate Hanging For Persons Who Take Advantage of Situation.

NATIONALIZATION IS URGED

(By United Press.)

London, Aug. 9.—British labor leaders demand direct action against profiteers, immediate release from the high prices and guarantee that no advance be permitted in the future.

"I would string up all persons who would take advantage of the sacrifice in blood made by the country," J. Thomas, laborite and member of parliament, declared.

Jack Jones, another member of parliament, urged establishment of a municipal market and hanging for offenders.

B. Speer, a member of parliament, favored nationalization of essential industries.

The profiteers should be sent to prison and the profits taxed 100 per cent, advised Neal MacLean, member of parliament.

WITHHOLDS APPROVAL

Washington, Aug. 9.—The senate foreign relations committee decided yesterday, on the strength of a governmental decree nationalizing the petroleum resources in Colombia to withhold its approval of the pending Colombian treaty until some definite assurance has been received that American interests will be protected.

ENEMY PROTECTED ONE FRENCH LINE

Harvey Allen Says Their Vessels Were Immune From Attack by Submarines During War

WAS TO PROTECT SPY MAIL

Rushville Man, in France 20 Months Tells of Speculation in American Money Orders

That one French trans-Atlantic steamship line was protected by the Germans during the war, is the declaration of Harvey Allen, who recently returned from France where he served for twenty months in the United States civilian mail service.

Mr. Allen says that the French scout the idea that the Germans passed up an opportunity to torpedo any allied vessel or neutral either for that matter but the fact remains that not one of this particular line's liners was ever sunk or even attacked. This is ample evidence, in the opinion of Mr. Allen and others who are acquainted with the facts, that German submarine commanders had orders not to sink vessels belonging to this line.

Mr. Allen cites additional evidence for the theory in supplying a motive. He says that the German spies in the United States and Canada had to have some means of communication with their superiors in Germany, and that if all liners carrying mail were subject to attack, valuable information which they were sending to Germany in the mails might be lost. Of course, a large percent of spy mail from this country was intercepted and the information contained in it proved of no value to the Germans, but there is no doubt but that some of its successfully passed the allied censorship.

The vessels belonging to this particular line were all armed, Mr. Allen says, just as all passenger-carrying and other ships were armed, but he declares it is a well authenticated fact that none was ever fired on and that none ever sighted a submarine with one exception. There was a report, he says, that one of the line's ships once fired on an alleged submarine, but it is very probable that it was not a periscope which was seen.

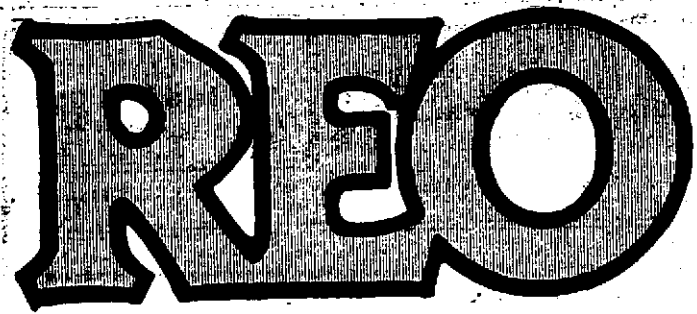

Mr. Allen says that he went to France on one of these French liners, which was not convoyed, and that there was no sign of an enemy submarine at any time during the voyage.

In July, 1918, the mail service was taken out of the hands of the civilian clerks who were in France and placed in charge of the army, and after that time Mr. Allen was engaged entirely in the money order department, and in selling stamps. For the first fourteen months he was stationed at Langres, department of the Haute Marne, near Chaumont, or G. H. Q., as the A. E. F. knew it.

During the time he was at Langres, Mr. Allen wrote over a half million dollars worth of money orders (\$494,186.52 in that part of 1918 he was there.)

"My largest day was \$9,000," said Mr. Allen, discussing his experiences in France. "From the middle of August, I had one man to help me. We accepted French money at the prevailing rate of exchange. United States currency and paymaster's checks were also accepted. I have taken copper money from the following countries: Argentine, Portugal, Spain, Italy, Luxemburg, Tunis, Algiers, Greece, England, Belgium, Switzerland, nearly every British colony and even faraway Indo-China and Sarawak. I have a small collection of foreign coins which was given to me by friends in France."

MUST COMBINE TO STOP PROFITEERS

Farmers at State Meeting Urge Or-
ganization as One Means of
Overcoming Evil

TO BE ABLE TO STOP STRIKES

Plans Laid For Creation of \$200,000
Fund to Protect Rights of
Indiana Agriculturists

Indianapolis, Ind., Aug. 9.—Plans
were laid for the creation of a
\$200,000 guaranty fund to protect
the rights and advance the inter-
ests of Indiana farmers, at a meet-
ing here Friday of the Indiana Fed-
eration of Farmers' Associations.
County and district leaders from all
over the state were present and in-
dorsed the following program, out-
lined by Lewis Taylor, general sec-
retary:

1.—Agriculture should and will
organize, as capital and labor have
organized, to protect itself and to
develop new phases of production.

2.—Farmers must get together to
take up methods of meeting the
practices of the packers and the
grain men, where these methods are
not to the benefit of agriculture or
the community at large.

3.—Farmers must protect them-
selves on the question of freight
rates.

4.—Problems of farm manage-
ment and business methods must be
met.

5.—Agriculture must be protected
against unjust and unfair legisla-
tion, by a group of alert students
of farm problems.

Mr. Taylor elaborated on each
topic to show how the farmer's con-
ditions can be improved by co-op-
erative action. The present railroad
situation, he said, hurts the farmer
who has no means of defense.

"But if we were organized, as
capital and labor are organized," he
declared, "We could quickly stop

Special Farm Wagon Sale

For the benefit of our farmer friends we have purchased a car
load of good quality farm wagons, which we can sell at the right
price and give 5 per cent discount for cash.

These wagons measure 42 inches between the standards, and
from now on all wagons that we buy will measure only 38 inches
between the standards.

If you are going to need a good farm wagon, don't fail to take
advantage of our price, and the chance to get the size wagon that
any of your old beds will fit on.

Place your order now before these are gone.

Remember we also have the best buggies made for the price.

ONEAL BROS.

Phone 1416.

Rushville, Indiana.

such outbreaks as the railroad
trouble. By the simple threat of
withdrawing food supplies, we could
preserve the economic peace and
keep the wheels of industry mov-
ing."

The strike trouble, he added, is
only one of many that confront the
farmer right now. Some means
must be found of removing the ad-
vantage held over farmers by the
packers and grain men, and freight
rates and charges must be equalized
according to Secretary Taylor. All
these problems are acute and must
be solved, he added, but probably
the most serious problem ahead is
that of taxes.

"If we had been organized months
ago," he declared, "We would not
now be at the mercy of such a taxa-
tion system as is now imposed upon
us. We must get together and pro-
tect our own interests in legislation
at all times and we have just had a
lesson that teaches the importance
of doing so."

The guaranty fund, which will be
used to further all these purposes,
is to be raised among the farmers
themselves in a special campaign
that begins Monday, August 11 and
runs to September 26. The cam-
paign was recommended at a meet-
ing of 250 representative Indiana
farmers recently. It will be managed
by ten district leaders and ninety-
two county chairmen, all working
in co-operation with state head-
quarters at Indianapolis.

MILLIONS

SUFFER FROM ACID STOMACH

THE GREATEST REMEDY ON
EARTH—ACID IRON MINERAL.

Millions of people suffer year after
year from ailments affecting
practically every part of the body,
never dreaming that their ill health
can be traced directly to acid-stomach.
Here is the reason: poor diges-
tion means poor nourishment of
the different organs and tissues of
the body. The blood is impoverished
— becomes weak, thin, sluggish.
Ailments of many kinds spring from
such conditions. Biliousness, rheu-
matism, lumbago, sciatica, general
weakness, loss of power and energy,
headache, insomnia, nervousness,
mental depression—even more serious
ailments, such as catarrh and
cancer of the stomach, intestinal
ulcers, cirrhosis of the liver, heart
trouble—all of these can often be
traced directly to acid-stomach.

Keep a sharp lookout for the first
symptoms of acid-stomach—indiges-
tion, heartburn, belching, food rep-
eating, that awful painful bloated
after eating, and sour, gassy stomach.
ACID IRON MINERAL, the wonder-
ful modern remedy for acid-stomach,
is guaranteed to bring quick relief
from these stomach miseries.
Thousands say they never dreamed
that anything could bring such
speedy relief—and make them feel
so much better in every way. Try
ACID IRON MINERAL and you, too,
will be just as enthusiastic in its
praise. Make your life worth liv-
ing—no aches or pains—no blues or
melancholy—no more of that tired,
listless feeling. Be well and strong.
Get back your physical and mental
punch, your vim, vigor and vitality.
You will always be weak and ailing
as long as you have acid-stomach.
So get rid of it now by taking **ACID**
IRON MINERAL. Also call for
A I M Pills and take one every night
until stomach, kidneys and liver are
relieved.

At Arlington Sunday, Aug. 10 Game Called at 3 P. M.

Personal Points

—Mr. and Mrs. Ed Jackson of Raleigh spent the day in Indianapolis yesterday.

—Mrs. Margaret Mulligan of Chicago is the guest of Mr. and Mrs. B. A. Black.

—Miss Florence Wilson of Mun-

ie will arrive tomorrow for a visit with relatives in this city.

—Miss Anna Sarra, of Lexington, Ky., is the guest of Mrs. Willard Amos for a few days.

—Merle Maupin of Crawfordsville arrived today for a visit with his mother, Mrs. Glen Miller.

—Mr. and Mrs. Ed Aikens of Raleigh will leave tomorrow for Crooked Lake, Ind., for a ten days visit.

—Mr. and Mrs. Roy Evans left this morning for a week-end visit with home folks in Casey, Ill.

—Miss Beatrice Wilson has returned to her home in this city after spending seven months in California.

—Mrs. Warren P. Elder and children will return home tomorrow from a visit with relatives at Red Key, Ind.

—Mr. and Mrs. John Smullen and family of Raleigh have returned from a two weeks' outing at Silver Lake, Ind.

—Miss Mary Carr went to Shelbyville, yesterday afternoon, where she will be the guest of friends over the week-end.

—Mr. and Mrs. Fred Lightfoot and Mr. and Mrs. Fred Bell are visiting friends at Angola, Ind., for a few days.

—Dr. and Mrs. Phillips of Orange will spend the week-end in Foster, Ohio, the guests of Mrs. Phillips' mother.

—Mrs. Inez Glore Bristol of Marion Ind., came today for a visit with her sisters, the Misses Anna and Alice Glore.

—Miss Mary Veatch has returned to her home west of the city after a two weeks visit in the northern part of the state.

—Mr. and Mrs. Charles Johnson of Kalamazoo, Mich., are spending the summer with Mr. and Mrs. J. P. Bales, of Raleigh.

—Mrs. A. M. Marlatt returned home today from a two weeks' visit with her daughter, Mrs. I. E. Benner of Winchester, Ind.

—Mr. and Mrs. J. Smith of Shelbyville will spend the week-end in this city, the guests of Mr. and Mrs. S. F. Stewart of West Ninth street.

—Miss Mary McKee, who has been attending Indiana University for the past two months, will return to her home in Orange this evening.

—Mrs. Mary Brown has returned to her home in this city after visiting her sister, Mrs. Charles Murphy, north of the city, for a few days.

—Miss Gladys Smith has returned to her home west of the city after spending a week as the guest of Mr. and Mrs. Raymond Sharp of Henderson.

—Miss Evelyn Coleman of Jeffersonville, Ind., will come this evening to be the guest of Miss Josephine Scholl for a week and to attend the chautauqua.

—Mrs. Lela McKee who has been spending the past few weeks at Vincennes with her cousin, Mrs. Bertha McFarland, returned to her home in Orange this afternoon.

—Mr. and Mrs. Earl Hite and daughter Doris Lavonne and son William Morris, of Kokomo will spend the week-end in this city, the guests of Mr. and Mrs. Ray Lakin.

—Mr. and Mrs. Paul Peter Willis of Toledo, Ohio, who are visiting relatives in Vincennes, while on a motor trip, are expected in Rushville next Tuesday to be the guests of relatives.

—Mrs. Ferdinand Jones of Laporte, Ind., who has been visiting relatives in this county, left this morning for her home. Miss Grace Robbins of Laurel accompanied Mrs. Jones home for a visit.

The Third street improvement by a shortage of cement. The contractor has no assurance of when cement will arrive due to the shortage of cars and reduction of the number of freight trains on account of the shopmen's strike.

Robert Helm, son of City Treasurer George Helm, who accepted a position with the Whittaker Paper company of Cincinnati six weeks ago, was this week transferred to the New York offices of the concern. Mr. Helm was graduated from Miami university at Oxford, Ohio in June.

John Arnold, living east of Rushville, tells of an instance which is the long-distance record for mail delay. On January 5, 1919, Mr. Arnold's daughter at Knightstown mailed a letter to him on August 5 the letter was delivered to his home in Union township, which is only twenty-five miles from his daughter's home.

198 CASUALTIES WERE IN TODAY'S ISSUE

A Grand Total of 292,385 Names Have Been Reported by the War Department

FOUR HOOSIERS WERE LISTED

Washington, Aug. 9.—The following casualties are reported by the commanding general of the American Expeditionary Forces: Killed in action, 4; died from wounds, 6; died from accident and other causes, 22; died of disease, 10; wounded severely, 31; wounded, degree undetermined, 22; wounded slightly, 72; missing in action, 1; total 168.

Total number of casualties to date, including those reported above: killed in action (including 382 at sea) 34,405; died from wounds, 13,909; died of disease, 23,527; died from accident and other cause, 5,179; wounded in action (over 85 per cent returned to duty,) 213,822; missing in action (not including prisoners released and returned), 1,543; total 292,385.

Four Indiana men were included in the list today:

Died of wounds—Sergt. Horace W. Barnes, Fort Wayne.

Wounded severely—Private Ray Dawson, Noblesville.

Wounded slightly—Private Hobart J. Harper, Corydon.

Wounded, degree undetermined—Lieut. Robert S. Thornburg, Richmond.

Days Pickings

A son was born this morning to the wife of Henry Heckman, living in West Fifth street. The child weighed 10 1/2 pounds and has been named Louis William.

George Todd who has been in the navy for the last few months, has been mustered out of service and is home. He will resume his position with the P. A. Caldwell Furniture store in a few days.

Mary Ellen Downey, sixteen-months-old daughter of Mr. and Mrs. Ellis Downey, who has been quite ill with cholera infantum, for the last week, showed improvement today and physicians hold encouragement for her recovery.

Too Many Irons

The packers are now being blamed for the price of meat, and the usual remedy is demanded. The government must take over the packing industry.

The government took over the railroads, and although it succeeded in making the railroads poor, it also made the shipping public poor. Using the railroads now costs so much that you feel a good deal poorer every time you indulge in that luxury.

The government is quite capable of making the packers poor. Any one who dislikes the packers can feel quite happy about that. And, as far as some people are concerned, that may happen any time, and welcome.

But while the government is making the packers poor, will it make us any richer? That is what we want to know. Will it make our meat cheaper?

If the packers have conspired to jack up prices up, so as to fleece

Sap and Salt

By BERT MOSES

The surest way to be somebody is just to be natural.

Jobs are always open to good men, and good men are men who know how.

Going somewhere else is a costly habit invented by railroads and hotels.

A woman with fine teeth is always charming, no matter how homely she is.

Hez Heck says: "The more 'shape' an actress has, the less ability she requires to get a job."

What's the use of reading a novel when you know beforehand that they're going to get married in the last chapter?

Politicians at Washington are only country no-accounts drawing more salary than local folks back home will stand for.

the public, we don't merely want to see them impoverished. We want to see them pay the penalty. But this is a matter for accountants. If they have done so, we can easily find it out by investigating the ledgers.

Investigations up to date merely indicate that the packers make a small profit, but that the turnover is large—in a word, that the high prices are due to the high wages paid to employees, and to the cost of transportation, for which we really pay the government. Future investigations may tell a different tale; but we should ask for more proof before we ask the government to seize the packing business.

It is a highly specialized industry, needs a lifetime of experience to learn, and is very delicately organized. The government knows nothing about it, and would begin as an amateur, with everything to learn. In a few months it would dislocate the organization, and by dissipating its energies instead of concentrating them it would develop ruinous expenses which the consumer would have to defray in the increased cost of meat.

It would be an excellent thing if government could handle all staple industries. If it could. But it will have to learn how first, and during its apprenticeship the experts must be kept close at hand to show how economies can grow out of systematizing.

Henry Ford, it seems, admitted on the witness stand that he is an "ignorant idealist." Well, we'll not dispute Henry—he ought to know.

Presidential bees are again buzzing around looking for the entrance to the official hive. We suspect, however, that some of them are only bumblebees.

They say, however, that the devil is much concerned over the future of his realm. He has no place vile enough for a profiteer.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

The redeeming feature about Rev. Phipps Alger was his wife; a woman of much patience and common sense. The Reverend had a frightful habit of preaching two hours, and his sermons were replete with lungs and repetitions. An unusual drouth came; and Alger organized a special prayer service for rain. It was sincere, but a terribly painful two hours of moans and prayer. Curiously enough, late that night a severe hail and rain storm came and damaged the crops for miles. At Monday noon when the patient wife was walking along the street a neighbor said:

"It's wonderful how the Reverend's prayers were answered."
"Oh, yes, indeed," said the wife. But it was so like him to overdo it."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

Among German generals a popular pastime consists of telling each other how they won the war by crying "enough."

Our jails are full of all sorts of criminals—except profiteers.

MASONIC MEETING

Phoenix lodge No. 62 P. & A. M. will hold their regular stated meeting next Tuesday evening. The meeting will begin at seven o'clock on account of the Chautauqua.

INDIGESTION

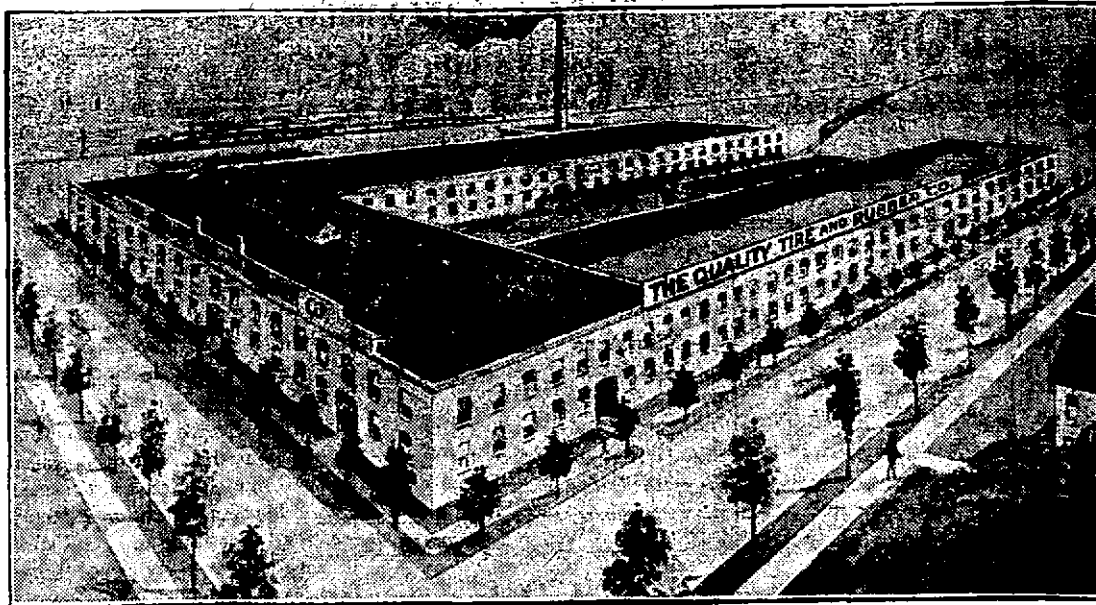

IS A BAD AILMENT

PEPSINCO

IS THE BEST REMEDY

Indigestion and dyspepsia are amongst the most aggravating ordinary ailments, either can develop into serious danger. Each may exhibit dangerous aspects, in any case they are always distressful and should not be permitted. Take PEP-SINCO which is the best remedy for indigestion on the market to-day. You will appreciate its prompt action and its complete benefits to thoroughly relieving food distress or stomach faults.

Ask your druggist—he sells and recommends Pepsinco.

Amusements

An All Comedy Program

Nothing but comedy will be served to the patrons of the Princess theater tonight when May Allison appears in "Peggy Does Her Darndest" and "Love's False Faces," a Mack Sennett production is shown. A feature picture, "A Midnight Romance," comes to the Princess Monday and Tuesday. Anita Stewart, who is popular with Rushville audiences but who has not been seen here often of late, has the leading part in this picture, which is said to be one of the most fascinating romances ever shown on the screen.

In An Enchanted Garden

So far as visual delight is concerned, there is an enchanted garden in "A Japanese Nightingale," the first of the Pathe Extra-Selected Star Photoplays, featuring Fannie Ward, which was shown at the Mystic Theatre today. It is of a beauty which has evoked spontaneous expressions of wonder and admiration; and even experienced travelers could not believe at first, that they were not looking upon some floral paradise in the land of the Mikado.

The location is on the Pacific coast, where a millionaire man of dreams, by the magic of a bottomless purse, has been able to have a section of Japan picked up and transported to his estate. Real Japanese players add to the fidelity of the story and Miss Ward, as Yuki, the heroine, has done the most poetically dramatic work of her career. All in all, it is a great love story, an exquisite picture and a triumph of emotional portrayal.

FOR STEALING 50 CENT PIPE

Glen Downey Pleads Not Guilty and Case is Set For Trial.

Glen Downey was arraigned before Mayor Irvin this morning on a charge of petit larceny, being charged with the theft of a pipe, and he entered a plea of not guilty, and his trial was set for Monday morning at 9 o'clock. The affidavit was filed by Matilda Hasher, stating that Downey unlawfully took a pipe valued at 50 cents from Frank Hasher, who conducts a grocery store near the Big Four depot in First street.

GOOD FARMS FOR SALE

I am at present not able to drive and will give prompt attention to calls of persons who may want trees or shrubbery if they will phone 2028. House number 221 E. Second St., during next 10 days.

C. L. HURST

21 PRISONERS ARE TAKEN OTHER ARRESTS EXPECTED

Salvation Army Forward Movement is Gaining in Force.

"Last night's drive put on by the local forces of righteousness was no weak drive," says the Salvation Army announcement today. After one hour and fifteen minutes of fighting one prisoner was captured, making a total for the forward movement of 21 prisoners captured, and fourteen have enlisted there all for life (or were sanctified.)

"The Glory Room was completely filled, some arriving as much as thirty minutes before the hour to open the barrage. Meetings will be held all day Sunday—ten o'clock in the Glory room, 10:30 in the large room, at 3:15 o'clock praise meeting, and 7:30 o'clock meeting in the Glory Room, and 8 p. m. the big battle room, and 8 p. m. the big battle for souls."

The great armadillo has ninety-two teeth—more than any other animal possesses.

Affidavits Will be Issued Boys Implicated in Throwing Stones

In giving the sentence of \$25 and 60 days in the penal farm to Jack Osborn, the other day in police court, the Daily Republican was in error in stating that the other boys were given a suspended sentence. Ray Foster and Charley Barne were witnesses for the state in the case and were not sentenced. It is expected that affidavits will be issued for the arrest of two more young men in connection with the stone throwing. In making out the affidavits the other day Prosecutor Stevens implicated "Curly" Garb but he proved an alibi and the charge was nollied.

MANY CONGRESSMEN STRONG FOR WATSON

Number of Indiana Republicans
Favoring Him for President
Cause for Much Comment

STRONG THROUGH THE WEST

Much interest was indicated among the members of the Hoosier congressional delegations in the expressions of Indiana republicans, as printed in The Indianapolis Star, on the presidential outlook. Com-

ment was made on the fact that such a large number of republicans interviewed expressed preference for Senator Watson, says a Washington dispatch. Members of the Hoosier delegation have had no intimation from Senator Watson that he has the presidential bee in his bonnet, but they would jump at a chance to help make him the nominee if the opportunity should come. Senator Watson, by his long service in the house before going for the upper body has made acquaintances of members of congress from many states and there is not a little Watson talk among them. Watson admirers seem to be especially numerous in Kansas, Missouri and Oklahoma. Senator Fernald of Maine gave out an interview in Maine newspapers some time ago that Watson is his choice.

ONE FRENCH LINE

Continued from Page One

France, some Roman and a few very old French coins.

Mr. Allen said that the worst thing he had to contend with as a money order clerk was speculation through the purchase of money orders, due to the depreciation of French currency. When America entered the war the value of an American dollar in French money was five francs and seventy centimes. Last month the rate of exchange was six francs and forty-five centimes for an American dollar and this month seven francs and forty-five centimes. Many Americans made thousands of dollars in this way, Mr. Allen said, until the practice became so general that a limit was placed on the number and size of money orders sold.

CONTRACT LET FOR FACTORY

Greensburg, Ind., Aug. 9.—The contract for the new automobile factory building here has been awarded to Marsh McCormick for \$22,000. Work will be started immediately. 169-Acre Farm at Auction

Monday, Aug. 18, '19

SALE TO COMMENCE AT 2:00 O'CLOCK

We, the undersigned will sell the following described farm on the above date at public auction, which is located two miles southeast of Rushville. It is known as the Ayres farm.

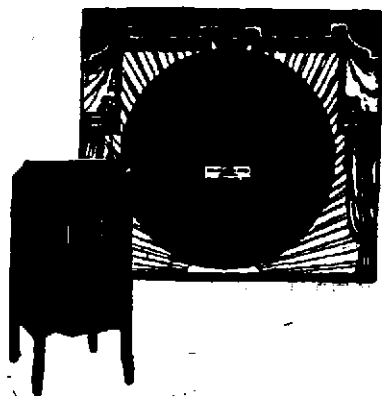

We feel that it is as high class piece of land as has ever been offered at auction in Indiana, all of which is cleared except about ten acres. It has fair buildings, good fencing, good fertile sugar tree and walnut land.

You will note from the location that you are close to market, churches and good schools.

The liberal terms given below will enable you to buy a farm that will almost pay for itself.

TERMS—One-third cash; one-third in twelve months and one-third in twenty-four months, deferred payments to be secured by first mortgage drawing 6 per cent, payable semi-annually, with privilege of paying all cash or any part above cash payment.

TRIAL IS SET FOR MONDAY

Expected J. A. Spurrier Case Will be Settled at Shelbyville

According to a Shelbyville paper, John A. Spurrier of this city, who was arrested a few days ago on a charge of passing a fraudulent check on the Gwynneville state bank and who gave \$500 bond when arraigned in Shelbyville, will come up for trial in that city Monday afternoon at one o'clock. His case has been set in police court. The check which was passed was for \$110 and was drawn on the Farmers National Bank at Wilkinson, and made payable to the Gwynneville bank, bearing the date of November, 1918.

ATTEMPTS TO KILL HIMSELF

Greensburg, Ind., Aug. 9.—Walter Miller, age twenty-three, a returned overseas soldier, giving his residence as Pansy street, Indianapolis, who is being held in jail here on a charge of burglary, made an unsuccessful attempt to commit suicide last night. He swallowed a quantity of poison, and for a few hours his condition was serious, but he will recover.

BRISTOL—An electrical type-writer giving greater speed and silent working, is the invention of a Bristol business man. No special installation is necessary, the current from an ordinary electric lamp sufficing.

SOCIETY

The dance which was to have been given in Jackson's park in Raleigh, tomorrow evening, has been postponed indefinitely.

* * *

Mrs. Frank Wilson will entertain the members of the Five Hundred Club Monday afternoon at her home in North Main street.

* * *

Mr. and Mrs. Chauncey Duncan were host and hostess for the Evening card club last evening at their home in North Perkins street. The guests enjoyed the evening playing Five Hundred and at the close of the games a dainty luncheon was served.

* * *

Mrs. Quince Whitton of North Arthur street has received word of the marriage of her son, Sergt. J. R. Hood of Fort Caswell, to Miss Ethel Ottoway of Southport, North Carolina. The ceremony took place at the home of the bride, July 21. Sergt. and Mrs. Hood will make their home for the present with the parents of the bride. Mr. Hood, who is a member of the regular army, is well known in this city, having lived here before entering the service.

CITY PROPERTY SOLD

Mrs. Leila Retherford today announced the sale of the Carmichael property, corner of Main and Fifth streets, to Mr. and Mrs. Joe Amos, who recently sold their farm just east of Rushville to John Gartin.

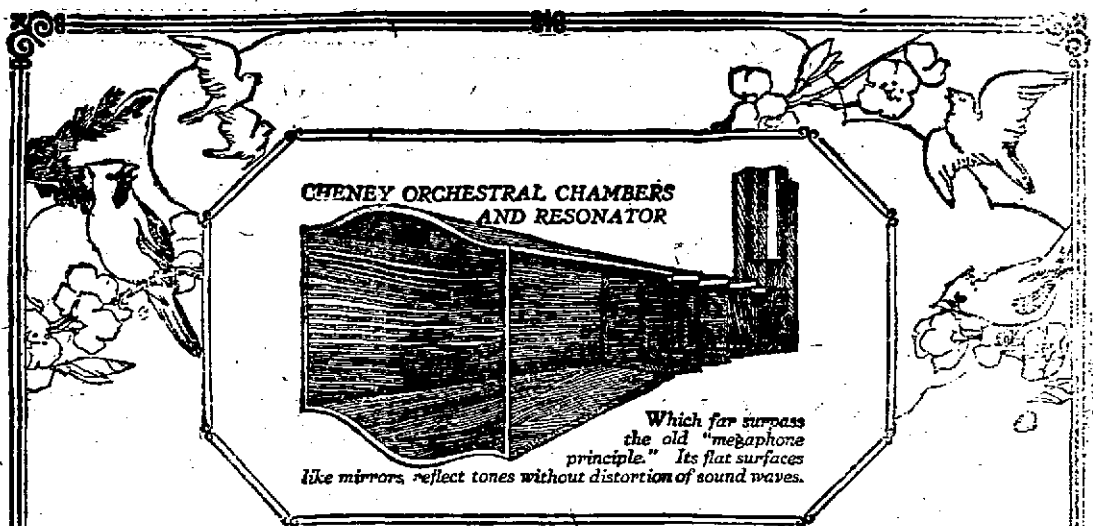

EMPLOYERS HAVE TO BE REGISTERED

Continued from Page One
not less than ten nor more than one hundred dollars.

Many merchants and businesses have depended upon the company in which they have insurance to keep them informed and supplied with any information, but this is a new section, just appended by the last legislature, and it might be that the companies will not get to it.

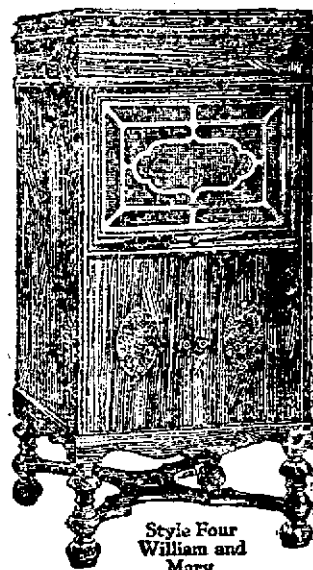

Every employer under this act shall keep his insurance under some corporation, association or organization authorized to transact the business of workmen's compensation insurance in this state, or shall furnish with the Industrial Board a satisfactory proof of his financial ability to pay directly the compensation in the amount and manner and when due as provided for in this act. In the latter case, the board may use its discretion, require the deposit of an acceptable security, indemnity or bond to secure the payment of compensation liabilities as they are incurred.

Any business in Rushville which has not filled out its declaration on a registration blank, should do so at once, and can secure the proper kind of a blank by calling on the Industrial Board.

The Longer You Own A Cheney
The Sweeter It Plays

The CHENEY PHONOGRAPH

Style Four
William and Mary

AS AGE has added tonal richness to violins made by the old Italian masters, so Cheney Tones gain beauty with the years.

This unique quality is directly attributable to the Cheney resonator which is carved with violin lines from seasoned spruce and suspended free from the cabinet walls. This permits it to vibrate, as a violin does, and there seems to be a molecular change in the wood which adds sweetness and quality to the tones.

Thus, the tonal purity and mellowness of the Cheney is of increasing value, and it becomes a prized heirloom to be handed down from generation to generation.

FORMER TEACHER HONORED

Merle Colvin, Chief Clerk Advisory Committee For Aeronautics

Word has been received by friends of Merle Colvin, of Flora, Ind., of his promotion as chief clerk of the national advisory committee for aeronautics, in Washington, D. C. Mr. Colvin is well known in Orange, having been assistant principal of the high school of that place for three years and principal for one year. He is also well known in this city.

After the middle of August Mr. Colvin will be stationed at Hampton, Virginia. His promotion was a reward for his excellent service of eighteen months in the military aeronautics department at Washington, D. C.

HOARDED FOOD IS TO BE TAKEN OVER

Continued from Page One
leader of the house, said that any request for money to make effective the campaign against the profiteers would specially be compiled with.

Senator Lodge, majority leader of the senate said: "I think the president made some good and practical suggestions in regard to the artificial and extortionate prices for the necessities of living and I am sure that congress will deal with them at once."

A number of the president's suggestions have been covered in bills now pending. Committee action on these will be urged next week. They include measures for legislation controlling storage plants and for stamping prices on food products.

Comments from members of both parties show that some of the president's suggestions regarding legislation met with general approval. His appeal for ratification of the treaty apparently caused some resentment.

This is the open season for stains

Dad acquires grease from the lawn mower and motor-car. A splash of strawberry or blackberry sundae mars Daughter's middie. Towser prances with oily feet on Son's shirt or trousers. Fruit juices tint Mother's table linen and best dresses.

The study and removal of stains is a specialty of our business.

Are you familiar with the treatment for mildew, or for arum lily, or for the stains from your copy pencil?

The removal of these and other marks is part of our service which is yours for the asking, and we can guarantee satisfaction.

LET US TAKE CARE OF YOUR STAINS AND MUSSINESS — WE KNOW HOW.

SALE OF REAL ESTATE.

Notice is hereby given by the undersigned as Executor of the will of Johanna I. Roest Reeve, deceased, that by virtue of the authority conferred by said will, he will at 1:30 o'clock p. m. on

Saturday, the 16th day of August, 1919, and from day to day thereafter until sold, at the law office of A. L. Gary, in Rushville, Indiana, offer at private sale the following described real estate in Rush County, Indiana, to-wit: Lot No. 45 in the addition to the city of Rushville, Indiana, laid off by Edwin Payne, John B. Reeve and William A. Allen as Trustees.

Said property includes a modern 8 room house, with furnace, garage and rich garden spot. Is in good location and is known as 825 N. Harrison St.

TERMS—One-half (1/2) of purchase price, cash; one-half (1/2) payable in six (6) months from date of sale, deferred payment to be evidenced by note of purchaser drawing interest at the rate of 6 per cent per annum, with privilege to purchaser of paying all cash.

A. L. GARY, Executor.

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

Catarrh Specialist Coming to Rushville

WILL GIVE FREE EXAMINATION AND ADVICE

Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.

Catarrh, besides being extremely disagreeable and annoying, with its continual coughing, hawking and spitting, is positively dangerous, as it leads to many fatal diseases and undermines the strength and health of the whole system. It is a stubborn disease to cure, requiring the skill of an expert and experienced specialist to properly rid the system of it in a short time. It is very seldom, if ever, cured by patent medicines, mail order treatment, home remedies and the like.

The Indiana Catarrh Institute is a large institute, devoted entirely and exclusively to the treatment of catarrh. It has a staff of specialists who have devoted more than sixteen years to the study of this one disease.

There is no other institution like it in this country and their methods used in curing catarrh are different from any other in this country. Their methods can be used either in the Institute or in the home, according to patient's convenience. Anyone visiting Indianapolis is invited to call at the Institute and investigate their methods and results. But for convenience, it is well to see the Medical director, an expert specialist, when he is in this city.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat or lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal condition, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.

Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Seaton Wednesday, August 13th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him.

For further information either call in person or write The Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind.—Adv.

JULY DROUGHT IS DISASTROUS

Indiana Crop Reporting Service Says That All Crops in State Were Damaged

POTATOES ARE BADLY HIT

Showers in Many Localities Saves Corn From Ruin—Average Wheat Yield 15 Bushels

The July drought conditions were very disastrous to all growing crops in this state according to the report of the Indiana co-operative crop reporting service issued today. Practically all crops show a decided deterioration from the July report. Spring wheat seems to have been hit harder than any of the other crops, with white sweet potatoes running a close second, the former dropping 45 points and the latter 36 points during the month. Apples and pears show a decline of only 2 points and peaches did not lose any; the losses for other crops are as follows: timothy hay 3 points; broomcorn 4 points; alfalfa and cantaloupes 5 points; each; field peas 6 points; grapes 7 points; grain sorghum and onions 8 points; each; millet, tobacco, tomatoes and watermelons 9 points; each; blackberries, field beans and sugar beets 10 points; each; corn, oats and sorghum came 12 points; each; barley 16 points; cabbages 20 points; sweet potatoes 21 points; and pasture 23 points. The winter wheat forecast for August is 42,970,000 bushels as compared with 55,800,000 bushels in May. The August forecast for rye is 5,964,000 bushels as compared with 7,264,000 bushels in May. The buckwheat crop shows 20 per cent less acreage this year than last and a condition figure of 80 per cent of normal which indicates a crop of 315,000 bushels.

The average yield of wheat and rye and the condition of corn and oats is given for each county in the state. Rush county's wheat average is put at seventeen bushels and rye fourteen bushels. The condition of the corn crop is estimated at eighty percent and the oats crop eighty-nine percent.

The detail follows:

At the most critical stage of the corn crop, good showers occurred in most localities and saved the crop from ruin, although on thin and sandy soils, it is badly fired and will not do much good. Some of the bottom land and in places where showers occurred frequently, the crop is in splendid condition, but as a whole, it was severely damaged by the drought in July. The August condition figure is 76 percent of normal, compared with 88 per cent in July, which indicates a production of 165,075,000 bushels at this time.

The average yield of winter wheat

is only 15 bushels per acre, although a few fields produced as high as 40 bushels. The straw was exceptionally heavy, but the heads generally were small and poorly filled, which is attributed to early, hot, insects and ripening too quickly during the hot weather in June. The present forecast is for 42,930,000 bushels compared with 55,800,000 in May.

The condition figure for spring wheat is 40 per cent of normal compared with 80 per cent for July. The hot weather in July was the principal factor in the decline of this crop.

Oats condition shows a decline of 12 points for the month, being 57 per cent of normal compared with 69 per cent last month. The straw was very short and thin on the ground and the heads did not fill well, because of the exceptionally hot weather at that time.

Extreme heat and dry weather at the time of filling caused a decline in the barley condition from 86 per cent in July to 72 per cent at this time. Barley is raised in this state principally for feed on the farms.

Hot, dry weather during July practically ruined the early varieties of potatoes and materially injured the latter ones. The condition figure dropped from 87 per cent in July to 51 per cent at this time.

Sweet potatoes declined from 94 per cent in July to 71 per cent in August. The deterioration was not as pronounced in the commercial sections as in other parts of the state.

Rains on the last day or two of July started the tobacco growing again, but a decline from 84 percent in July to 75 per cent in August indicates the extent of the damage by the dry, hot weather.

The total hay acreage of the state shows a reduction of 5 per cent over last year. In point of quality, timothy hay was one of the best crops produced in recent years, but the clover and mixed hays were very weedy with an average yield of only 1.2 tons per acre, the second cutting of alfalfa was extremely short.

Pastures show a decline in condition from 94 per cent in July to 71 per cent at this time and in some places it became necessary for farmers to feed their stock.

Tomatoes, cabbages and onions show a decline of 19, 20 and 10 points, respectively, over last month. The condition of these crops at this time as compared with normal is 78 per cent for tomatoes, 68 per cent for cabbages and 82 per cent for onions.

All fruit crops, except peaches, show a small decline over last month; apples and pears losing 2

Lower Milk Bills And Better Milk—the Finest in America

Van Camp's Milk brings lower milk bills.

It saves the waste of guessing on your milk wants in advance.

Here the cow is in the pantry. Small cans and large cans are at your call. Open what you need.

No need to guess the day's wants in advance. There is never a shortage, never a waste.

Double-Rich Milk

Van Camp's is whole milk from high-bred cows, with over half of the water evaporated.

It is twice as rich in butter fat and solids as the milk when it comes from the cow. Nothing is subtracted save the water.

It is as thick as thick cream. You can even dilute it for coffee or ice cream. Dilute it one-half and you have a very rich milk. Dilute it still further for cooking.

Nothing Changed

We take this rich milk, fresh from the cow, and place it in a vacuum. There, by low heat, we evaporate most of the water, and that's all.

After sealing the milk in tin cans it is sterilized. That is the only change from fresh milk, and that is essential. Safety requires a germ-free milk—a pasteurized milk—whether you get it in bottles or cans.

For coffee or cereals Van Camp's is a cream. For cooking, when greatly diluted, it is still rich in butter fat.

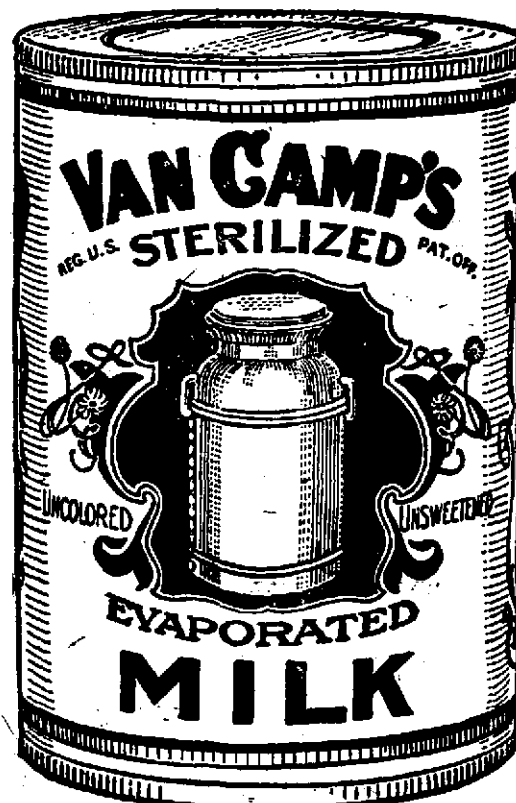

A Guarded Milk

Van Camp's Milk comes from sanitary dairies, from inspected cows.

We have seven model condenseries, in the heart of great dairying districts. The milk is evaporated right after milking.

The Van Camp experts have spent twenty years to produce the finest milk in America. You will know that it's when you taste it.

Whatever milk you are using—bottled or evaporated—compare Van Camp's Milk with it. Here is the very utmost in rich, hygienic milk.

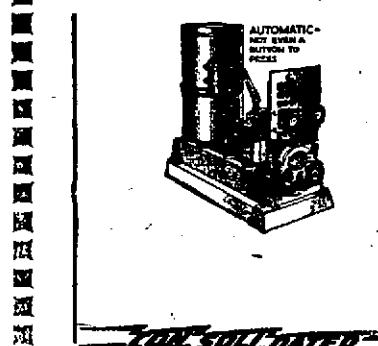

"The Cow in the Pantry"

Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation.

Sealed at model condenseries in seven great dairying districts by

Van Camp Products Company

Electricity

is your most capable, willing servant and time saver. Time saved from drudgery and given to planning and resting makes your family live longer and more happily.

You wouldn't buy Seed Grain or Stock without investigating thoroughly, and satisfying yourself as to the quality and record. Why not investigate the responsibility behind the Electrical Equipment you buy as well as the Record?

WHAT is BUILT into your PLANT and WHAT is Back of IT to assure POSITIVE OPERATION and PERMANENCY or SERVICE?

MATTHEWS AUTOMATIC PLANTS use GENERAL ELECTRIC GENERATORS, WILLARD STORAGE BATTERIES and MATTHEW STANDARD ENGINES.

These big Nationally known plants are sureties for the guarantee we make you. Seven years of Satisfactory Operation proven by Thousands of Satisfied Users.

If you intend to install Electricity, see that You Get Electrical Service, not half a job.

TAIL LIGHTS WILL PLAY THE RED SOX

Rushville Aggregation Will Meet Fast Arlington Team at Arlington Sunday.

ALL LOCAL TALENT ON TEAM

The Rushville Tail Lights, baseball team composed of all local talent, will meet the Red Sox of Arlington at that place on Sunday, and the game promises to be a fast one, as the Tail Lights are in the best of condition, and are confident of taking the game. The regular line-up will be used for Arlington, and the Rushville team will be accompanied by a big bunch of local fans.

The line-up of the locals will be as follows: Doll, catch; Yazel, pitch; McKee, 1st base; Thorpe, 2nd base; Joyce, short stop; Tompkins, 3rd base; Sharp, left field; Keating, center field; Todd right field. The Rushville battery is strong, as Yazel is again in fine shape and is rounding in form like he formally had when with the Ohio State league; Doll is considered one of the best catchers in semi-pro ball in this part of the state. The game will be called after the arrival of the 2:32 car from Rushville.

Hoosier Corn Turner

2nd and Penn. R. R.
RUSHVILLE, IND.

Saves its cost in 3 days. Saves corn, time and labor. Fits any drill and can be attached in a few minutes. These turners will do the work in any kind of down or elbowed corn. Will make the drill run perfectly smooth. Will keep the outside discs from riding or getting on row of corn; roll the pumpkins out of way without injury.

Get your drill ready for Fall sowing by attaching one of these turners. A great quantity were sold last year and gave entire satisfaction.

The public is warned not to infringe or make these devices as we are fully protected by patent.

Hoosier Corn Turner Co.

PRICE \$15.00 F. O. B. RUSHVILLE, INDIANA.
